ASHIK SAM

FULL STACK DEVELOPER

SUMMARY

I am a full stack developer with experience in a variety of programming languages and development frameworks. I have a strong background in web development, and I am also proficient in mobile development, database administration, and system architecture. I am a creative problem solver and I have a passion for developing innovative and efficient solutions. I am a team player and I am able to work independently with minimal supervision. I am a self-starter and I am always willing to learn new technologies.
